

LONG TERM CARE PLANNING TEAM MEMBERS

Successful long term care planning requires legal knowledge, interpretation and counsel, as well as interface with state agencies, long term care facilities, financial institutions, insurance companies, health care professionals and many others. In order to best serve you, our planning services are provided by a team of professionals. Each client matter is overseen by the attorney, Teresa K. Bowman. The plan implementation and detailed documentation are handled by other members of our team. You should feel comfortable to speak with any of us at any time about your planning matter. We appreciate the opportunity to be of service to you and will work together to reach your ultimate goal.

Attorney Teresa Bowman graduated in 2005 from Stetson College of Law with a concentration in the area of Elder Law and has practiced exclusively in the areas of long term care planning, estate planning, and probate since joining the firm in 2006. Her practice focuses on planning for public benefits, in particular Medicaid and on the preservation of assets when that goal is important to the client. During a first meeting she will learn about the concerns and issues unique to that client and family, and work to formulate a plan that will meet both their immediate and long term goals. Teresa is a frequent speaker on long term care planning issues and is active in the local community. She serves on the board of directors for ITN (International Transportation Network) Sarasota, Sarasota FAWL (Florida Association of Women Lawyers), and is member of the Aging in Place Action Team working with community leaders to effect change that permits the aged in Sarasota to remain at home and remain active member of their community for as long as possible. She has also been a presenter for the Florida Bar and for the National Academy of Elder Law Attorneys.

Public Benefits Coordinator Antony Eminowicz is a native of London, England and joined our team in February, 2010. Antony practiced for five years as a Solicitor in elder law matters before relocating to Sarasota in 2009. Antony has a thorough knowledge of the issues and challenges facing the aged and disabled, and enjoys working with our clients and their families. He works very hard at making a difficult process as manageable as possible. Our clients all comment on his positive attitude and attention to detail that is the hallmark of good client service.

Legal Assistant Lucie Gurley rounds out our team by supporting the other team members in administrative matters. Lucie has many years of experience in not only the legal profession, but medical education, construction and real estate. She is often the point of first contact for many clients seeking our service. As an administrative professional Lucie provides superior customer service to our clients and their family members.
